Announcing the 2015-2016 Energy Innovation Contest for undergraduates on New Brunswick Campus

The Rutgers Energy Institute will offer three awards:

$2,500 for first place  
$1,500 for second place  
$1,000 for third place

Awards will go to students who develop the best innovative plans to reduce student energy consumption and promote eco-friendly practices throughout the New Brunswick Campus.

Individual or teams of enrolled undergraduate students in any program on the New Brunswick Campus are eligible. Students are encouraged to consult with faculty advisers in various departments to help form teams and develop plans.

Register for the competition by sending an email indicating intent to submit an entry to Beatrice Birrer at bea@marine.rutgers.edu no later than February 26, 2016. Please use “Energy Innovation Contest” in the subject line.

Proposals must be submitted on or before March 25, 2016.
