

## Announcing the 2011-2012 Energy Innovation Contest for undergraduates to stamp out carbon emissions on New Brunswick Campus

The Rutgers Energy Institute

will offer three awards:

**\$2,500 for first place**

**\$1,500 for second place**

**\$1,000 for third place**

Awards will go to students who develop the best innovative plans to reduce student energy consumption and promote eco-friendly practices throughout the New Brunswick Campus.

Individual or teams of enrolled undergraduate students in any program on the New Brunswick Campus are eligible. Students are encouraged to consult with faculty advisers in various departments to help form teams and develop plans.

Register for the competition by sending an email indicating intent to submit an entry to Beatrice Birrer at [bea@marine.rutgers.edu](mailto:bea@marine.rutgers.edu) no later than **February 27, 2012**. Please use “Energy Innovation Contest” in the subject line.

**Proposals must be submitted on or before April 2, 2012.**
